

MISSOURI REPEATER COUNCIL, Inc.

ANNUAL MRC MEETING MINUTES 1998

September 12, 1998

Called to order at 11:55 am on September 12, 1998 by Ken Enenbach.

Minutes of the previous meeting were read and accepted.

Treasurer's report was read and accepted.

Ken brought up the PL tone system and Mac distributed the maps.

Mac discussed that there are a small number of available frequencies remaining in Missouri. Co channel systems would be able to be located closer together, and therefore allow more coordination, if they would adopt the tone plan.

The motion was made by Dean WBOSUQ, Joe KBOZGE seconded to adopt the voluntary tone plan as detailed on the handout distributed by Mac. The motion passed unanimously.

Club call of WOMRC was announced.

Mac said all repeaters in MO are coordinated except for one, which may be in Illinois.

Lots of new 6m activity was welcomed.

Ken Enenbach discussed NFCC activity. All coordination rules are trying to be brought up to federal law standards. He also discussed the battles going on across the country, and was pleased to observe that there are no outstanding issues. No business was brought to the attention of the board.
