all

Handwritten note: 2-1-70

Published as a service to the membership by
The American Radio Relay League, Inc.
Newington, Connecticut 06111

This Repeater Directory lists all repeaters that have registered with ARRL up to May 1, 1974. Repeaters are encouraged to be registered with ARRL annually for listing in the Repeater Directory published by ARRL. Register on the special registration card, CD85A, available on request from ARRL, 225 Main Street, Newington, CT 06111. To expedite receiving registration cards, please enclose an addressed stamped envelope. Only those repeaters that have been registered in 1974 or re-registered by April 1, 1975 and indicate a WR call, will be included in the next edition of the Repeater Directory.

When re-registering, if the repeater call has changed since the previous listing, please indicate the former call on the registration card. This is important so that it will be obvious as to what repeater information is being updated.

Repeaters are listed by state, Canadian province and foreign country. Information listed in the columns is as follows:

Location .. Town, city or other geographical identification of the location of the repeater.

Area Section of the state in which the repeater is located. NOT necessarily the area covered by the repeater.

Call Call letters of the repeater. Call letters followed by an asterisk (*) indicate a CLOSED repeater. Others are open.

Input Input frequency in MHz.

Output Output frequency in MHz.

Mod Modulation capability in kHz.

Access Repeater access is coded as follows:
C = Carrier-operated relay.
Bxxxx = xxxxHz Burst required at the beginning of each transmission.
Wxxxx = xxxxHz Whistle required to start repeater.
Txxxx = xxxxTouch-Tone code required to start repeater.
PLxxxx = Private Line, continuous tone required.

Ref Reference for special information. A = Autopatch. R = RACES operation only. S = Special operation (STA granted).

Sponsor ... Sponsors are listed by organization or call letters (individuals).

Source Call letters of the person who sent in the most recent information.

Date Date the listed information was submitted.

After consideration of input from many sources, ARRL, under guidance from the ARRL Vhf Repeater Advisory Committee, adopted band plans for the use of the repeater segments beginning at 146 and 222 MHz. The band plans are designed to make the best possible use of these frequencies within the technical constraints under which amateurs must operate. Several repeaters listed in this Directory do not conform to these plans. At this time, local coordination takes precedence over the national plan when the two are found to be in conflict. However, those repeaters whose frequencies have not been approved by the appropriate area frequency coordinators are listed here in the expectation that they will be changed to conform with the national and/or area standards in the near future.

* Optional in region, check with frequency coordinator. ** National Simplex Frequency

AREA FREQUENCY COORDINATORS

Anyone considering the installation of a repeater should check with the frequency coordinator for his area. Coordinators are volunteers who keep extensive records of repeater input, output and control frequencies, including those not published in directories at the request of the owners. The coordinator will advise on available frequencies for a proposed machine to hold interference with other repeaters and simplex channels to a minimum.

ARRL VHF REPEATER ADVISORY COMMITTEE (VRAC)

The VRAC, a Board-authorized advisory group, provides a greater opportunity for direct participation in League affairs by the membership. It affords a more organized way for members to register their ideas and their opinions.

The VRAC consists currently of 11 members appointed by the League President plus a Board liaison and a Headquarters staff member providing headquarters liaison. At this writing, the composition of the VRAC is as follows:

Howard L. Lester, W2ODC, Chairman
P.O. Box 6
Alplaus, NY 12008

George R. Cryder, W8LGL
15 North Franklin Street
Delaware, OH 43015

Richard G. Bromley, K1ABR
12 High View Drive, RFD 5
Cranston, RI 02920

Gilbert J. Kowols, W9BUB
216 Belle Plaine Avenue
Park Ridge, IL 60068

Raymond G. Hendrickson, W3DTN
1419 Larch Road
Severn, MD 21144

Donald J. Manson, K0TVO
2302 North Oakland

225 Main Street
Newington, CT 06111

Robert Dreste, K7VOR
5040 North 13th Avenue
Phoenix, AZ 85013

REPEATER TIPS

DO'S

DO KEEP ALL TRANSMISSIONS SHORT. Emergencies don't wait for monologues to be finished. If you talk to hear your own voice what you want is a tape recorder, not an fm rig.

DO THINK BEFORE YOU TRANSMIT. If you can't think of anything worth saying, don't say anything.

DO PAUSE A COUPLE OF SECONDS BETWEEN EXCHANGES. Someone with a high-priority need for the repeater may want to break in; also, some repeaters are configured so that a brief pause in transmissions is necessary to reset the three-minute timer.

DO IDENTIFY PROPERLY. "W6XYZ mobile" is not enough, even if you're three hundred miles from another call area; "W6XYZ mobile 6" is required. You must give the call of the station with whom you were in contact at the end of the contact.

DO BE COURTEOUS. A repeater is like a telephone party line, and requires the same kind of cooperation in its use.

DO USE SIMPLEX WHENEVER POSSIBLE. Leave the repeaters available for those who need them.

DO USE THE MINIMUM POWER NECESSARY to maintain communication. Not only is this an FCC requirement, it's also common courtesy.

DO SUPPORT YOUR LOCAL REPEATER CLUB. even if it doesn't require all users to be members. Maintaining a good machine is an expensive undertaking, and you should do your share.

DON'TS

DON'T ABUSE AUTOPATCH PRIVILEGES. business messages are not permitted in the amateur service. Don't force the control operator to terminate your call in order to avoid a violation.

DON'T BREAK INTO A CONTACT unless you have something to add. Interrupting is no more polite on the air than it is in person.

DON'T FORGET THAT AMATEUR RADIO IS ALLOCATED FREQUENCIES BECAUSE IT IS A SERVICE, not just a hobby. Don't neglect the public service aspects of vhf fm communication, such as accident reporting, emergency preparedness, etc.

DON'T TRY TO PROVE WHAT A GREAT OPERATOR YOU ARE by criticizing the operating techniques of others on the air. Instead, set an example which others will be proud to follow.

DON'T MONOPOLIZE A REPEATER. The best repeater users are the ones who do a lot of listening, and little transmitting.

DON'T FORGET THAT WHAT YOU SAY OVER A REPEATER CAN BE HEARD OVER THOUSANDS OF SQUARE MILES by anyone with an inexpensive "public service band" monitor. These people are potential hams; if they like what they hear on the air, they will want to get licenses and join us. Don't leave them with a bad impression of our hobby by making thoughtless or off-color remarks.

RD I would like to become a member of ARRL and help support its many services to amateurs and amateur radio. Here's my \$7.50 (in the U.S., \$8.50 in Canada, \$9.00 elsewhere). Sign me up for a year's membership and twelve big issues of *QST*! Family membership, without *QST*, is available for \$2.00 per year. (Life membership is available at twenty times the annual rate. Write ARRL Headquarters for details.)
