The meeting was called to order at 09:00 by James Adkins. He announced the agenda for the meeting:

Financial report of the repeater council

Updates and changes to the MRC website and database

Report on Repeater coordination from the last year

Elections

Discuss any coordination concerns with any perceived upcoming issues with coordination.

Treasurer's report was given by Dennis. As of September 1st, 2026· the balance is $3976.15

Officer elections:

Treasurer position- currently held by Dennis Kimrey, W0HL who advised the council that he was not running for reelection. A motion was made to nominate Jay Duthler, W0JD for Treasurer by W0HL and seconded by W0NQX. There were no nay votes. The motion carried.

Secretary position- currently held by Brad Hurd, KB0LSM. A motion was made by W0HL to reelect KB0LSM to another term. It was seconded by K0XM. There were no nay votes. The motion carried.

Director at Large position- currently held by Eric Presser, KD0CEN. A motion was made to reelect Eric Presser by KB0WZI and seconded by W0AV. There were no nay votes. The motion carried.

Other Council business:

A motion was made by W0NXQ to change the Registered Agent with the Missouri Secretary of State's Office to whoever holds the Secretary's position on the repeater council. The motion was seconded by W9IQ. There were no nay votes the motion carried.

James reported the coordination stats for the last year. There were 16 new requests for repeater pairs.

James provided an update on the UHF Spectrum: The council is now coordinating repeater outputs from 441.300 to 441.975 MHz for repeater outputs with corresponding inputs from 446.300 to 446.975. This would allow for a minimum additional 28 UHF repeater pairs statewide. 441.300 to 441.475 would be reserved for 12.5 kHz narrow band repeaters. 441.700 to 441.975 would be standard 25 kHz spacing analog or digital repeaters. A GEO fence has been enabled in the database for protection of the DTV repeater in St. Louis. He also stated that the council is now adding the coordinated UHF control links to the database.

There was no further questions or comments for the council.

A presentation was made by James on all the linked repeater systems in the State of Missouri.

With there being no further business or discussion the meeting was adjourned at 10:00.

Respectfully submitted,

Brad Hurd, Secretary

James S Adkins, President 11-16-2026
